

BLUEPRINT FOR BONDAGE

"A highly-interesting and powerfully-illuminating work. Sin, the breaking of God's Law on the national level as well as the personal, has shattering effects which move out into the world like ripples on a pond and form the bonds of our own slavery. Everything from economic laws to the consequences of multiculturalism are discussed on the literal level with a fascinating symbolic examination of the Song of Solomon. An absolutely eye-opening book! McQuate has hit one out of the park! A must read!"

- Scott Michaels

Geophysicist, Theologian, Author of *How We Should Then Live* and *The MidNight Morning Trilogy*

"This is a MUST READ book for serious Bible researchers who are seeking a deeper understanding of the real events of the Garden in Eden. For many, the Song of Solomon was only an interesting curiosity without any importance or significance outside of its own content. Not only has McQuate shared his new insights on the Song of Solomon but he has also joined the ranks of other pioneers in exposing the apostasy of the false apostle _____ in the process."

- Tom Miller

Writer, Researcher, Theologian

"This book is excellent! It is a must-read for all those in the churches today who don't think they're being deceived, because they are! Excellent material! Two thumbs up!"

- Sherry Shriner

Internet Radio Show Host, Former Liberty University Radio News Director, Political News Reporter, recipient of several journalism awards and author of *Bible Codes Revealed*, *The Coming UFO Invasion* and *Aliens on the Internet*

*IT BEGAN IN the Garden in Eden when Eve doubted the Law of her Creator and was seduced by the knowledge of the Nachash. Dominion was stolen and the first fatal blow was delivered. Shrouded by Christian rhetoric and false doctrines, this age-old agenda has reached its apex and a snare unlike any the world has ever known, is about to close. *Blueprint for Bondage* is a work of non-fiction that sounds the alarm in these End Times. Forces have coalesced, undetected, for the destruction of the children of God, whose only hope is knowing the truth, as Jesus stated. The author's original work exposes the infiltration of the church by a Royal Arch Mason and shows how his doctrines and his brethren are responsible for the deceit now, just as they were in the beginning. You will want to read this book.*

Dr. Scott McQuate is an internationally-acclaimed author, lecturer and radio personality and *Blueprint for Bondage* is just one of the many books he has written. Other titles include *The Secret Rapture*, *The Tribulation*, *The Red Dragon and the Sheep*, *The Fig Tree Parable*, *Pyranosis* and more. He is the founder of The Inner Circle an online learning network where he teaches students from around the world. You can join Dr. McQuate's Inner Circle at www.InnerCircle.us and find more of his fascinating works at www.PaxeonPublishing.com.
